Assignment #2: due Oct 1st
Triggering Events

1. Read PLC3 Chapter 5 on Triggering Events

2. Locate if you can a triggering event in the history of a language you are familiar with. It may be external or internal. It may or may not be the same language as in Assignment 1. It may be in the vowel system or some other component of the language.

3. Show what the consequences were for the larger system as a whole.

4. Otherwise, develop the thesis that all triggering events are external.
